Business case: TERNA Greece

Turkey's largest generator transformer set for Greece

This project by TERNA allows significant improvement in its ecological footprint for the Ptolemais Power Plants. It is also expected to reduce the cost of power generation and contribute to Greece's energy infrastructure, power grid reliability and supply security.

GE's Gebze factory in Turkey

This 820 MVA Generator Step-Up.

1 x 660 MW, pulverised Lignite
Fired Thermal Power Plant
